SUMMARY

I am a recent Software Engineering graduate with a strong passion for web development and a commitment to continuous learning. As a MERN stack developer, I excel in collaborative, dynamic team environments and am adept at handling challenging situations. Equipped with a solid technical foundation and project experience, I aim to contribute to innovative and impactful software solutions while further honing my skills.

EXPERIENCE

SOFTWARE ENGINEER INTERN

Genuity Systems Ltd.

📅 09/2023 - 02/2024 📍 Dhaka, Bangladesh

A technological solutions business that specializes in providing cutting-edge software and advisory services.

- Database administration and front-end design
- Software documentation
- Backend development and integration

EDUCATION

Bachelor of Computer Science (Software Engineering)

Universiti Teknologi Malaysia

📅 09/2020 - 08/2024 📍 Malaysia

PROJECTS

Project Whitecode

📅 11/2024 - Present 📍 Dhaka, Bangladesh

An emerging software services firm.

- Designed and developed a responsive landing page for an emerging software service firm using Next.js.
- Enhanced SEO performance to improve the site's visibility and search ranking.
- Implemented optimized web solutions to align with the company's branding and goals.

Jawahir-Al-Riyadh Educational Company

📅 08/2024 - 01/2025 📍 Riyadh, Saudi Arabia

A landing page for Jawahir-Al-Riyadh Educational Company, showcasing their school and educational services.

- Designed and developed a responsive website showcasing the company's school and educational services.
- Conducted requirement analysis to ensure alignment with client objectives.
